

Humicol-M

Increases Crop Yield By :

- Helping plant to resist drought resulting in higher yield and better quality of crop produce.
- Improving uptake & trans location of macro and micro nutrients.
- Accelerating germination.
- Enhancing seeding vigour and root growth.
- Inducing early maturity.

Is recommended to be use as follows :

Dose : Three foliar applications at 1.25 L/ha

Crop : Tomato

DIRECTION OF USE :

 Shake well before use |  Keep in cool & dry place |  Keep away from sunlight |  Keep away from children

For Agricultural Use Only

Humicol-M

Xtra-P

Increases Crop Yield By :

- Helping plant to resist drought resulting in higher yield and better quality of crop produce.
- Improving uptake & translocation of macro and micro nutrients.
- Accelerating germination.
- Enhancing seeding vigour and root growth.
- Inducing early maturity.

Is recommended to be use as follows :

Dose : : Four foliar sprays at 1.25 L/ha to 2.0 L/ha depending on canopy size for grapes and Three foliar applications at 3.75 L/ha for Chilli

Crop : Grapes & Chilli

DIRECTION OF USE :

 Shake well before use |  Keep in cool & dry place |  Keep away from sunlight |  Keep away from children

For Agricultural Use Only

Xtra-P
